

HS Emergency Volunteer Mgmt & Registry Pilot

1/1/2009 - 4/27/2009

Grant Applicant	Project Title	County	\$ Federal	Project Description
Washington County Emergency Management	HS Emergency Volunteer Management & Registry Pilot	Washington	\$102,000	The Washington County Emergency Management office will use these funds to initiate an Emergency Volunteer Management & Registry Pilot program to extend over a period of three years. The Washington County Volunteer Center will be contracted through this grant to act as the program coordinator to produce a curriculum and deliver training and materials covering online volunteer registration, volunteer management fundamentals, and legal issues involving volunteers in emergency response and recovery, community coalition building, MOU templates, and checklists and recommended protocols for activation. Five counties will be selected to participate in the pilot this first year. It is anticipated that all 72 counties and tribal organizations in the state of Wisconsin will benefit from this program by the end of the 3 year period.
Total Awards			\$102,000
