Wisconsin Criminal Justice Information, Crime and Arrests - 1975 is the seventh annual volume since Wisconsin Statute 165.83 became effective in 1969. The statistical analysis as required, is furnished to the Governor and the Legislature presenting the problems and progress of law enforcement and criminal justice in Wisconsin. I am also certain that criminal justice administrators, all elected officials, planners, academic researchers and an interested public will find it of unique value.

Uniform Crime Reports provide the basis for this examination of crime in Wisconsin and we recognize and thank all of the enforcement agencies in the state for their continued and splendid cooperation in meeting reporting requirements on a monthly and annual basis. Wisconsin's Uniform Crime Reporting program is administered by the Crime Information Bureau (CIB) of the Division of Law Enforcement Services within the Department of Justice. In addition to the summary crime and arrests statistical system, the Bureau operates the centralized state identification repository and the computerized TIME communications system.

The CIB has no investigatory or enforcement responsibilities. Its sole purpose is providing information as a service to the system of criminal justice administration. We are pleased to present the volume in this spirit.
